TREAT

WESTECH
Process Equipment. Process Driven.

Process equipment for municipal water and wastewater industries.

PureAir Filtration

Municipal vapour, odour, gas removal solutions.

Howden

Aeration technology and control systems; Blowers, compressors and fans.

Membrane SPECIALISTS

Customized membrane solutions; FYNE tubular nanofiltration membranes.

Whipps, inc.

Water control gates.

iec
industrial & environmental concepts, inc.

Cover products for gas & rainwater collection, wastewater management, odour & evaporation control and waste management.

ORTHO S
Liquid Systems

Complete downflow media filtration applications and replacement filter nozzles.

SSI
Screening Systems International, Inc.

Traveling water screens, fish screens, other intake products.

DISINFECT & MONITOR

DE NORA
our research - your future

Electrochemical Solutions and water technologies.
**formerly Severn Trent Services/ Capital Controls*

YSI

a xylem brand

Laboratory and field monitoring instrumentation and reagents.

BlueInGreen
solutions for water quality

Efficient dissolution systems for aeration, pH adjustment, disinfection and odour control.

mjk
a xylem brand

Measurement, monitoring and control instrumentation for water resource management.

WALCHEM
An Iwaki America Company

Integrated advanced sensing, instrumentation, fluid pumping and communications technologies.

ROYCE TECHNOLOGIES
a xylem brand

Process instrumentation and controls for wastewater.

IWAKI AIR

Air-operated double diaphragm pumps.

HANNA instruments
CANADA

Analytical instrumentation and reagents.

eagle
MICROSYSTEMS

Weighing products and systems for use with gaseous, liquid and dry chemicals.

scientific
Water Quality Measurement Solutions

Instrumentation, test kits and chemical reagents for monitoring water quality.

MANUFACTURERS
